George Washington University

Dr. Joshua Lederberg
President
Rockefeller University
1230 York Avenue
New York, NY 10021

Dear Dr. Lederberg:

I am writing to request your response to our proposed schedule of events for October 18th and 19th in New York City. We received your letter notifying us about your attendance at the board meeting, but we wanted to check with you on the complete schedule. They are as follows:

1. On October 18, 1982 we will hold our Board of Directors and Science Advisory Board meetings in New York City at the Puritan board room, 1400 Broadway, 4th floor. The plan is to begin with lunch for all who are interested at 12:00 noon and to start our Board of Directors meeting no later than 1:30 p.m. This will be followed by our Science Advisory Board meeting from 2:30 - 3:30 p.m.

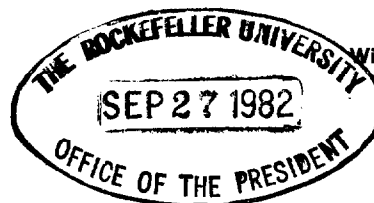

2. At 5:30 p.m. at Rockefeller University in the Tower Building on the 17th floor we will have our cocktail party for the presenters and FIBER board members. This will be an opportunity to meet and talk informally about the particular subjects being addressed the next day.

3. At 6:30 p.m. in the same room, we will have our FIBER dinner hosted by Mary Lasker and Norma Cranston. You are all cordially invited to attend this dinner and encouraged to bring guests. The purpose is, once again, to have a chance for the presenters for the Science Writers Seminar and the FIBER board members to meet and talk informally and for board members to bring guest who they think may be interested in the presenters and the other work of the Foundation. This dinner should be an intimate and lovely opportunity for the informal exchange of ideas and for FIBER board member guests to be introduced to the exciting opportunities before us.

4. As you know, on October 19th we will begin our Science Writers Seminar at 9:15 a.m. I am so pleased that you have agreed to give the introductory remarks. The seminar will conclude at 12:30 p.m. and will be followed by a luncheon for all those attending.

Elizabeth E. Chotin
Executive Director

William Regelson, M.D.
Scientific Director

We are most anxious to have you attend all the events described and look forward to hearing from you as to whether that will be possible. Please call our office as soon as possible to let us know your plans. We also need to know how many guests will be joining us for dinner. If you would like us to write or phone potential guests on your behalf, we would be happy to do so.

I look forward to seeing you next month.

Cordially,

A handwritten signature in cursive script, reading "Elizabeth E. Chotin". The signature is written in dark ink and is positioned above the printed name and title.

Elizabeth E. Chotin
Executive Director

P.S. I've enclosed a just published article which I think will be of great interest to you.
